# WELCOME TO NAFA

May 2009

Colleagues:

I am pleased to report that Nurse Anesthesiology Faculty Associates, founded more than 30 years ago, continues to offer the highest quality of both land- and sea-based continuing education opportunities available for anesthesia providers.

As promised, 2009 is an exciting year for NAFA. Following the 23rd Annual Anesthesia Seminar on Hilton Head Island this May and our upcoming June cruise on the Rhapsody of the Seas to Alaska, Professor Watson, my staff and I have planned three additional educational programs for fall as detailed in the pages that follow. In September, board the amazing Liberty of the Seas for an unforgettable cruise to the Western Caribbean. In November, travel to historic Williamsburg, Va., for our 33rd Annual Anesthesia Conference. Finally, in December travel to Walt Disney World's Coronado Springs Resort for NAFA's 28th Annual Walt Disney World Anesthesia Meeting.

Also, based on the wonderful response to our first NAFA Summit at Snowshoe Mountain in Snowshoe, W.Va., NAFA has already planned a second summit for Feb. 28-March 3, 2010. Additionally, take a peek at our cruises scheduled for 2010.

I invite you to visit our Web site at [www.nafa-va.com](http://www.nafa-va.com). If you have questions or comments, please feel free to contact me directly at NAFA at (804) 828-6734 or by e-mail at [nafa@vcu.edu](mailto:nafa@vcu.edu). I look forward to greeting you personally at one or more of these exciting events.

Best regards,

Michael D. Fallacaro, DNS, CRNA  
Professor and Director, NAFA

## NAFA FALL WESTERN CARIBBEAN CRUISE SEMINAR

### ROYAL CARIBBEAN INTERNATIONAL • LIBERTY OF THE SEAS

Sept. 19-26, 2009 – 20 continuing education credits

NAFA sets sail on the Liberty of the Seas for a seven-night Western Caribbean cruise out of Miami. When it comes to beautiful sandy beaches and sparkling blue waters, the Caribbean is really in a league of its own. And beneath their tropical paradise settings, these islands are home to rich culture and complex histories. On this cruise, you can enjoy the beaches and coral reefs of Labadee, Haiti; see Dunn's River Falls in Jamaica; visit Stingray City Sandbar on Grand Cayman; and tour Mayan ruins in Cozumel. And on this special voyage, you'll earn 20 continuing education credits!

Patient safety topics supported by high-fidelity video vignettes will be featured in NAFA's usual early morning meeting format so as not to interfere with your cruise experience. Details on NAFA's Fall Western Caribbean Cruise Seminar can be found on our Web site at [www.nafa-va.com](http://www.nafa-va.com). Early registration is advised to insure cabin choice and best NAFA rates. See you onboard!

# WILLIAMSBURG, VA. – NOV. 2-5, 2009

## 33RD ANNUAL ANESTHESIA CONFERENCE CROWNE PLAZA WILLIAMSBURG HOTEL AT FORT MAGRUDER

Featuring 24 continuing education credits of best evidence practice content and optional pre-conference PALS workshop

Visit the world's largest living history museum in Williamsburg, Va., the restored 18th-century capital of Britain's largest, wealthiest and most populous outpost of empire in the New World. Colonial Williamsburg tells the story of how a diverse population evolved into a society that valued liberty and equality. In Colonial Williamsburg's 301-acre historic area stand hundreds of restored, reconstructed and historically furnished buildings. Williamsburg, Yorktown and Jamestown make up the Historic Triangle of Virginia and are also well represented by world-class attractions and professional-class golf venues.

The renovated Crowne Plaza Williamsburg Hotel at Fort Magruder is a short drive or walk to the restored historic areas. Williamsburg also offers a host of fine restaurants for visitors of all tastes.

NAFA's 33rd Annual Anesthesia Conference features a variety of clinical lectures for the practicing anesthetist. This year, we are offering meeting participants the opportunity to attend a pre-conference PALS workshop. Space is limited, so reserve early for these programs.

This venue is not only one of the newest convention resorts within the Disney complex, it also is the largest and most affordable. A world-class faculty has been assembled to offer four days of continuing education in diverse and clinically relevant anesthesia topics.

By staying at a Disney resort, NAFA registrants will enjoy theme park tickets at convention rates, extended theme park hours, free transportation within all of Walt Disney World and complimentary service to and from the airport aboard Disney's Magical Express.

NAFA's 28th Walt Disney World meeting features a variety of clinical lectures for the practicing anesthetist. We have assembled a faculty of experts and are pleased to have Ridley Barron as our keynote speaker. In 2004, Barron's family was radically altered by an automobile accident that killed his wife. Five days later, in the midst of his family's terrible loss, a hospital medication error caused the death of his 17-month-old son. Barron's message to all health care providers, "A Victim's Perspective on Quality Care," must be heard.
